

Binti is the doctor

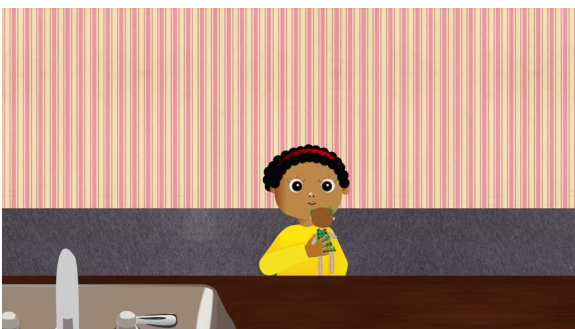

Binti and Poppy are playing together.
Catch me!
Binti throws Poppy up in the air.
Then she catches her.
Hi hi, Poppy laughs.

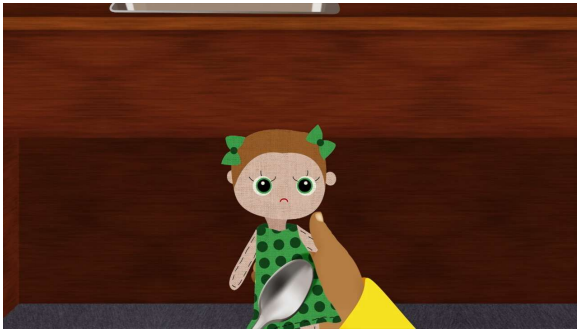

Higher! Higher!
Binti throws Poppy higher and higher.
Oops!
Poppy hits the lamp.

Now Poppy is lying on the floor.
Au Au, she cries. It hurts!
Poor poor Poppy.
Binti gives Poppy a big kiss.

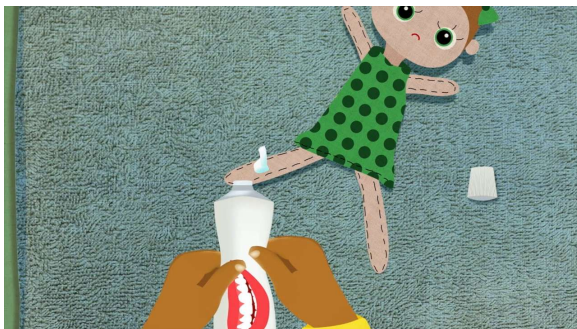

Shall I call the doctor?
Yes, the doctor.
I'll be the doctor, says Binti.
She takes out a spoon.

She taps on Poppy's tummy.
Does that hurt?
No, that doesn't hurt.
She taps on Poppy's leg.
Au, au!
I know! It's your leg! Broken!

What now, Binti?
Binti takes Poppy to the bathroom.
And puts her down on a towel.
First, some toothpaste, says doctor Binti.
She takes the tube of toothpaste.

Be brave, Poppy. Maybe it will hurt a little.
Doctor Binti squeezes the toothpaste
on Poppy's leg.
She is very careful.
And Poppy is very brave.

What else?
The doctor takes a piece of toilet paper.
And puts it on Poppy's leg.
All done!

Is Poppy feeling better now?
Yes, Poppy is feeling much better.
Cause Binti is a good doctor.

Close your eyes, Poppy. Go to sleep.
Binti folds the towel over Poppy.
Sleep well, Poppy. Sleep well.
